HOSPITABLE
BRANDENBURGEntertains The Teachers of The
Fourth Congressional
District.ELIZABETHTOWN CLAIMS
NEXT MEETING.

BRANDENBURG, KY., (Special).—The latch string was on the outside last week; the teachers only had to pull and enter our old town where they found all they wanted except a five-dollar bill at their breakfast plates.

The program for each meeting was most interesting with C. C. Stephens, from Beaver Dam, President, Miss Gibson as Secretary and Miss Mona Price, assistant Secretary. Hon. Thomas H. Hamilton made the welcome address which was to the point. A great many on the program were absent. W. B. Maple, Cloverport, and C. M. Vestrum, Elizabethtown, Ky., and Mrs. Maria Fontaine Rose, the groom's aunt, Mr. Williams' mother was a Fontaine—a descendant of a celebrated Huguenot family.

We had send congratulations to our old Kentucky friends whom we remember most affectionately.

GOLDEN WEDDING.

Mr. and Mrs. J. E. Williams, formerly of This County, Celebrate Their Fiftieth Anniversary At Newport, Ark.

BRANDENBURG, KY., Special.—Louisville people were no more interested in the golden wedding Wednesday, April 11th, of Mr. and Mrs. James E. Williams, of Newport, Ark., than Breckinridge county people. Mrs. Williams was a Miss Matilda Robertson, daughter of Richard Taylor Robertson and Susan L. Bates, early settlers of Jefferson county.

Mrs. Williams was married at the old Robertson home in Breckinridge county, Elk Grove, fifty years ago. It was a home renowned for its elegant hospitality in antebellum days. Mr. and Mrs. Williams lived in Brandenburg at one time.

At the golden wedding were our old friends of Kentucky, Mrs. Sue Bate and Miss Kate Robertson, of Louisville, Mrs. J. J. Webster, now Fannie Robertson, of Nashville, Tenn., Jim Robertson, of Elizabethtown, Ky., and Mrs. Maria Fontaine Rose, the groom's aunt. Mr. Williams' mother was a Fontaine—a descendant of a celebrated Huguenot family.

We had send congratulations to our old Kentucky friends whom we remember most affectionately.

LOUISVILLE RACES.

Greatest Spring Meeting Ever Held In Kentucky, Beginning July 3.

Only One Fare From Here for the Round Trip—This Includes Admission to Grand Stand.

Beginning on Derby Day, May 3, one of the greatest race meetings ever held in Kentucky will be given at the famous Louisville race course. Eleven stakes, including the Kentucky Derby, worth \$50,000, will be run during the fifteen days. All the crack horses in the country are engaged in these stakes, including Lieke Gibson, Bangs, John Light, Lieke Karl, Pink Oak, Joe Brand, Rush, Killebrenner, His Lordship, Kentucky Farmer, Cleora, Anna Bain, Streamer, Wave and Meant, Faint, Avenstone, The Rush, F. W. Brode, The Lady in Blue, Caribbean and many others. Nearly 1,000 horses are now quartered at Churchill Downs, inuring large fields and exciting contests. There will be five or more races each day, with liberal added money.

All the railroads have put on cheap excursion rates, the round trip from Cloverport being only one fare. This also includes admission to the grand stand, each railroad ticket having a coupon attached which can be exchanged for a badge at the gate. This is the cheapest rate ever offered from this point, and a big delegation will leave here on Derby Day to take advantage of it.

The Derby will be run on the opening day, Thursday, May 3, and will be followed by the Debate Stakes, Turf Congress Handicap, Congress Stakes, Clark Stakes, Mademoiselle Stakes, Fehr Stakes, Wrentham Stakes, Premier Stakes, Juvenile Stakes, and Kentucky Oaks, in the order named. These are the biggest turf events run in the West. On Saturday, May 12, the Gentlemen's Cup race will be run.

All the railroads have put on cheap excursion rates, the round trip from Cloverport being only one fare. This also includes admission to the grand stand, each railroad ticket having a coupon attached which can be exchanged for a badge at the gate. This is the cheapest rate ever offered from this point, and a big delegation will leave here on Derby Day to take advantage of it.

Saturday morning E. R. Ray, B. A. Dam, gave a fine talk on "Adaptation in Pedagogy." He handled his subject like one of experience and used beautiful language. He thinks this age is all right as far as industrial progress goes but believes we are declining in aesthetic taste. He wants us to cultivate a greater taste for fine paintings, statuary, classical music and literature.

Prof. H. G. Brownell, Principal of the Manual Training School at Louisville, added much to the charm of the session by his strong, practical, able address on Manual Training. He was witty, able in manner and gave each idea in clear-cut, every-day words. He was not on dress parade and won the audience over by his every-day manner.

J. C. Fittle, of Hodgenville, who married one of "our girls," gave in his original, unique, off-hand style, a talk on "Side Lines" impressing us with the fact that there is much to consider in "Side Lines" in literature, school and life.

W. A. Bewley read a paper in which he showed study and concentration of thought.

Miss Ethel King read an essay. Ethel is one of our very brightest girls and is pushing to the front.

A. C. Burton had a class to demonstrate "Short Cuts in Figures." The pupils showed careful training.

"Hygiene in the School-room" by N. T. Groves, Fordville, was an eye-opener on the utter disregard of the rules of health in most school-rooms. He gave useful, practical illustrations to prove how such rules were abused and insisted that a reform was needed to protect children from contagious maladies.

Then came the very interesting ceremony of presenting the banner (held by Ohio county since its first presentation) to Meade county. Miss Gibson, in a most graceful, happy manner, presented it to Superintendent W. D. Ashcraft, who received it as gracefully with timely words in behalf of Meade's teachers.

Prof. A. O. Burton was elected President of the Fourth Congressional District.

UPHOLDING
TAYLOR

Who Has Been Derided, Scoffed At And Insulted By The Beckham Followers.

HAS THE CONFIDENCE
OF HIS PARTY.

By M. F. Bennett, Bardonia, Ky.

How long will Taylor have to endure the trade of abuse that is daily being heaped upon him? He has already received his share tenfold from the Beckham contingent.

But the insult that has appeared to every sympathetic soul most forcibly is the way he was treated on the two occasions when he visited his old home to attend the burial of a brother and a sister. So me gentlemanly high estate and journalist of repute talent, even Henry Watterson, were heard to say "He has deserted the office." "He has played a prank on the Republicans" etc. Yes, he left the Capital on a mission but did he stay away? As soon as possible he was found at his post again where he will remain. He is a true blue sovereign whom every state loving Republican should encourage in this his darkest hour. Thus for a moment what he has endured while trying to uphold our rights which were manifested at the polls last November. How many of us would have been bluffed before now by the blackhearted lot of Beckham followers who have at last called to their assistance Tom Campbell, the greatest scoundrel in existence.

I recently heard some Beckham advocates predict that Taylor would submit. Have enough confidence in him to believe that he will submit to nothing but the ruling of the highest tribunal. If that court should decide against him, he will step out as he agreed and we will elect him again next fall.

Of course he is a broken man at present, but true friends are better than gold. Every Republican should remember that he has spent his all trying to preserve our rights. Let every Republican continue to battle for liberty and may they soon wipe that damnable machine out of existence and once more enjoy peaceful tranquility in our beloved state.

MAKES MONEY.

A Colored Barber Of Hardinsburg Retires From Business.

WITH A COMFORTABLE
TABLE LIVING.

Hardinsburg, Ky., Special.—Phocion Guthrie, has recently had to give up his business on account of ill health. For several years Phocion was the most popular barber of the town.

He had the best part of the trade and says that while he was at the business for ten years he made about five thousand dollars. He owns a comfortable home in the suburbs of the town, and he succeeds in the outcome of his attention to his own business and having the good will of all who know him. His friends hope that he may entirely recover his health.

CROPS IN CRITTENDEN.

A correspondent from Crittenden county to the American Agriculturist says that about a third of the apple buds and three fourths of the peach buds are killed. He also says that pasturage of all kinds will be scarce this summer, as deer and game were killed by drought or winter killed. Hogs are \$4.25 per 100 lbs. This has been an extra good year for sheep, as at least 75 per cent of the lambs have been saved.

H. Clark, Chaucery, Ga., says DeWitt's Kidney and Bladder Pills that had effected him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits.—A. R. Fisher's

DEATH CLAIMS

Ressie E. Hogan, Son of Mr. and Mrs. Chas. Hogan, Monday, April 10th at His Home at Derby, Ind.

At 7:40 o'clock a. m. Monday, April 10, 1900, Mr. Ressie E. Hogan, son of Charles and Margaret Hogan, son-in-law of Mr. Lutz Mitchell, passed quietly away, aged 29 years, 7 months, 11 days. He leaves a wife and a dear little babe. Ressie was in bad health at times for about a year, though no serious alarm was felt in regard to his condition until a few days ago when it was discovered that he had appendicitis. Even then the fond parents, loving wife and sister did not think the end could be so near, but in an hour when they knew not "the destroyer came and claimed Ressie as a victim."

In entering this home Death indeed chose a shining mark, bright, handsome and intelligent! A kind, cheerful disposition won him a place in the affection of all. In the home circle he was the idol of doing parents, tender wife and sister. He was the light and joy of the household. But Ressie is gone. The ones crowning joy of their hearts has died, leaving an aching void which few if ever can never be filled. God, in his mysterious but all-wise providence has taken this cherished one, and though it seems, and is, hard to bear such bereavement, to see the young cut down just in the bloom of manhood, yet we must acknowledge that in some way, though in the night of our affliction, we cannot understand, it is for the best, for it is the runnings of One who doeth all things well.

The remains were laid to rest in the Stephenson cemetery Tuesday evening, and the mourning parents, wife and sister returned home to hold the vacant chair and realize as they had not yet done, that the family circle was indeed broken. The bereaved family have the sympathy of the entire community.

FOR THE HEATHEN.

The Woman's Foreign Missionary Meeting Will Be Held The First Sunday Night In May.

Hardinsburg, Ky., Special.—The Woman's Foreign Missionary Meeting which was to have been held at the M. E. Church South last Sunday night did not take place as was announced, on account of the revival that was being held at the M. E. Church. The President of the society, Mrs. V. G. Babbage, has fixed another time, the first Sunday night in May. The meeting promises to be one of the most interesting the society has given publicly for some time.

Osgood, Mo., Oct. 28, 1899. Peppin Syrup Co., Monticello, Ill.—Gentlemen:—I have used Syrup Peppin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock. I do not hesitate to recommend it. Very respectfully, D. T. Jones.

Sold by Short & Hayes.

Went to St. Louis.

The following persons from this county took advantage of the cheap rate to St. Louis Saturday night. Irvin Richman, Frank Compton, Paul Compton and Lima Simmons, Garfield; Robert Weatherford, Harned; W. B. Henderson, Falls of Rough; Mill Miller, Sample; Hugh Bruner and wife, Preston.

Walker's Tonic contributes to mental cheerfulness and enables the muscular system to withstand fatigue. Walker's tonic antagonizes Heart Failure. It is a nerve tonic, allaying pain due to nervous tension. It stimulates the digestive organs and increases the appetite. Good druggists sell it.

Carload of Cattle.

Wm. Hall, of Webster, went to Louisville last week and bought a carload of grazing cattle at 50 a pound. He has about 200 acres of meadow ready for the cattle and is feeding 40 head of hogs.

Card Of Thanks.

To our many friends who were so faithful during the last illness of our beloved son, Stanley Simons, we wish to express our sincere thanks for their kindness in our sad bereavement.

MR. AND MRS. MARION WEATHERFORD.

Died Of An Infant.

After a brief and painful illness, Stanley Simons, the nine month old son of Mr. and Mrs. Marion Weatherford died at their home on the hill Sunday, April 22nd. It was laid to rest in the cemetery Monday afternoon, April 23rd. The parents have much sympathy in the loss of their little son.

OPENING

RECEPTION

Of The Cloverport Athletic Club Tuesday Evening, April 17th.

SUCCESS IN EVERY RESPECT.

The opening reception and dance given by the Cloverport Athletic Club Tuesday night, April 17th, was a pronounced success. Most of the members were present and sustained their long since acquired reputation of courteous hosts. The gymnasium room was used as a dancing hall, the floor of which was in fine condition for the dance lovers who kept time to the music of the Hawesville band until the early morning. The reading room, which is pretty and comfortably furnished, was at all times popular with the card and conversation devotees.

This club has for its members the most prominent young men of the town who have generously offered the use of their well-equipped gymnasium to the young ladies on Tuesday and Friday mornings. Judging from the enthusiasm of the members of this club and the interest and encouragement of its friends, we predict for it a permanent and successful career.

Those who were present and enjoyed its hospitality on the occasion of its opening reception were: Mr. and Mrs. George Short, Mrs. R. E. Moorman and Mrs. Ella Evans; Misses Jennie Green, Falls of Rough, Annie Hambleton, Sorcho, Ella Robertson, Genevieve, Belle Bruce Boyl, Nellie Gregory, Allene Murray, Annie and Jane Hambleton, Mamie Delavan, Bessie Jarboe, Eva and Eva May, Martha and Margaret Bowmer, Miss Allen Owen, Ovanboro, James R. Sullivan, Fred Frazer, Eugene Vest, C. S. Moorman, Fred Ferry, H. C. Corf, E. C. Babbage, Roy Heyser, Joe Harrison and Fred DeHay.

W. W. Mayhew, Merton, Wis., says, "I consider One Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, grippe, whooping cough, pneumonia and all throat and lung diseases. It prevents consumption. Children always like it and mothers endorse it.—A. R. Fisher.

TEMPERANCE MEETING

AT HITE'S RUN.

Quite a number of temperance workers from here attended the meeting at Hite's Run church Sunday afternoon. Some of our best speakers were present and talked well on this subject that is of such vital importance just now. Some good talks were made by the Hite's Run people all of which resulted in a pleasant and profitable meeting.

The last meeting at this point before the election will be on Friday night when a large crowd is expected.

"We Don't Want Money Bad."

We want it good and we will give you value received, as in every bottle of Dr. Caldwell's Syrup Peppin, no matter be it 10c, 50c, or \$1.00, as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble.—Short & Hayes.

To Meet With Mrs. Heron.

A most interesting meeting of the Ladies' Reading Club was held at the home of Mrs. E. E. Moorman Thursday afternoon, April 19th. There were several guests present and the reading in "The Double Thread" was continued.

The meeting tomorrow afternoon will be at the home of Mrs. Alex Heron.

Coughed 25 years—I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicines to no avail until I used Dr. Bell's Pine Tar Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantaburg, Ill.

Temperance Speakers.

Rev. Z. Ferrell, of Hawesville, and Rev. J. Ed Murr, of Rome, Ind., will be the temperance speakers here Thursday night. Rev. A. H. Davis, of Hardinsburg, will conduct the services Friday night. Rev. Curry, the colored minister, of Hardinsburg, will address the colored people both Thursday and Friday nights.

At Hite's Run meeting Friday night, Rev. F. M. Petty, V. G. Babbage and others will talk on temperance.

Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

THE KISSAPHONE.

I.
The reason why a kiss
Contains so much felicity
Is just because each pair of lips
Is full of electricity.
It flashes in the eyes,
Or in a smile so tender,
And then the lips together pressed
Produce the kiss in splendor.
Now, this device is known
By the name of kissaphone,
And of all the phones invented it is by far
The best.
No other electricity
Gives half as much felicity,
For love turns on the current, and the kiss
Does the rest.

II.
To work the kissaphone,
You do not need a battery,
Nor any dynamo machine
With magnets and such matters;
You do not ring a bell,
Nor Central call, Hello-ting—
It only wants a wish, a sigh,
To set the thing a-going.

III.
The kissaphone was not
Invented by an Edison;
It never has been patented,
Like corsets or a medicine,
It doesn't get out of gear
If anything is missing;
There is no yearly bill to pay,
No charge for extra wiring.

IV.
The kissaphone is in use
Throughout the whole community;
You need not be a millionaire
To have the opportunity
There's no more cost to pay
For one kiss or for twenty—
So why not push the thing along,
And kisses have in plenty?

A Practising Physician

In Monticello, Ill., formulated Dr. Caldwell's Syrup Peppin. Ask Short & Hayes.

Most women with female weakness suffer dreadfully from piles in addition to their other pains. They may be cured by using CARR'S ANCHOR PILE OINTMENT. Price 50 cents in bottles, tubes, 75 cents.

Dreams of the Malaced.

M. de Manacene, the Russian psychologist, mentions the case of a person who without arms or feet who always dreamed that he had been mutilated. Now, it should be borne in mind, he is not that the majority of persons who without arms or feet always dream that they possess these extremities. It is evident, he maintains, that this difference results, in the first instance, from weak impressions hereditarily transmitted, and in the second instance from the strength and precision of these impressions. Persons whose limbs have been amputated are subject to curious delusions while asleep. They never dream that they are walking on crutches, quite the contrary, they invariably dream that they are walking with their feet, with this difference only—that as time passes their extremities appear to become shorter and shorter.

M. de Manacene mentions as a curious fact that this hallucination is very pronounced when the wound has healed without complications; while on the other hand there is no hallucination when the process of cicatrization has been painful. Moreover, we find the reason of this difference in the greater or lesser intensity of the sensations which are not the least subject, as are other dreams, to the mysterious conditions of the human organism, and, like other dreams, their reproduction on the waking state is idiosyncratic.

The Person and the Rooster.

A good rooster story comes from a Somerset county correspondent. A certain clergyman, whom we will call Rev. Mr. Little, gave one of his parishioners a rooster, as a slight token of esteem. In the family was a bright 4-year-old boy, and he always called the rooster "Brother Little." One morning the little fellow saw the rooster coming toward the house, and he shouted, "Grandma, here comes Brother Little."

Grandma never stopped to look out or make any inquiries, but started quickly to pick up and set things to rights about the room. "This don't," she asked the boy, "Where is Brother Little?"

"Just gone into the stable," replied the boy.

Grandma thought she might have time to change her dress and quickly dodged into another room and in a very short time appeared attired in an even gown, but somewhat out of breath. Again she asked the boy if he had seen Brother Little.

"Yes," said the innocent child; "there he goes back to the barn with the rest of the hens."

Busy Choir Solists.

Roman Catholic and Episcopal churches have the credit of providing the finest and most elaborate music, but the finest music in New York is heard in the Jewish synagogues. It is chiefly sung, however, by the best singers of the Christian churches, who, "triflingly" double up and draw two salaries for a good arrangement for both temples and churches, albeit the churches pay double and sometimes triple the salaries paid by the synagogues. The salaries of soloists in the larger American cities range from \$500 to \$2,500, the latter sum being paid in a single instance. All engagements are made from May 1, which is moving time for church singers as well as house movers. Their church salaries form the bulk of the soloists' incomes, but many fees are earned as a result of church work. Weddings and funerals yield quite a number, and private recitals at the home entertainments of millionaire church members are weighted with the golden fruit. There are also whole orchards of concert recitals and oratorios for those capable of shaking the trees.—Success.

A Tonic Needed.

Mrs. Holmboe—John, dear, while you're down town I wish you would pay the milliner—\$11 the bill is, but if you give her \$10—

Mr. Holmboe—I'd rather settle it in full.

Mrs. Holmboe—Well, but I want you to bring me six yards of that lovely stuff from Matchless—I'll get the pattern—and that will take the other \$7. Then I'll just make a memorandum of the trimmings, that will be about \$3 more, and if you love me you know the kind of gloves I want. You've bought them often enough. Now, dear boy, what now?

Mr. Holmboe—No, I'll remember; and, by the way, I'll take my toilet bag along and get it renewed. I've felt quite run down of late.

Mrs. Holmboe—Your tonic? Why, that costs \$1.50; it seems just like throwing money in the street to pay for medicine. Don't you think you could get along without it?—Judge.

The Road to Convalescence.

A woman will be in bed all morning and to a wife's part in the morning. She will be genuinely sick all day and go like a natty to a card party at night. The plea that her absence might inconvenience her hostess is considered sufficient excuse. A man with an ache goes to bed and roars, and would be interesting to learn which is the shorter route to recovery.—Aitchson-Globe.

"Today I met him as I was getting off the car and I said, 'Hello, George, where're you getting to?' Then he said, 'Ain't getting on, I'm putting my mother-in-law on.'—Chicago Record.

THE FAMOUS PLANO FLY-WHEEL ATTACHMENT

Is furnished with the Jones Lever Binder. It is a most valuable attachment because: The Fly-Wheel causes a binder to work with even, steady motion over rough, uneven ground.

The Fly-Wheel causes a binder to be bound tightly without checking the motion of the machine.

The Fly-Wheel causes a binder to run lightly over soft or wet ground, where it would otherwise mire down.

The Fly-Wheel causes a binder to remain in motion while turning a corner.

The Fly-Wheel causes a binder to be bound and discharged after the team stops, leaving the sickle and canvas absolutely clean.

THIS VALUABLE ATTACHMENT IS FURNISHED ONLY WITH THE JONES LEVER BINDER.

The Jones Lever Binder has the simplest knot in the world, and it has one-half less pieces than its simplest rival. It is the most perfect in the world.

Farmers, it Will Pay You to See this Machine.

BRIEF ADVANCE.

WEDNESDAY, APRIL 25, 1900.

Don't forget to do your town and yourself a good turn Saturday by voting against the open saloon.

The jury in the Colon case was out only fifteen minutes when they returned a verdict of "not guilty."

CLOVERPORT CAN claim the banner for educational ambition over all other towns in Breckenridge county. Our three teachers were the sole representatives of the county at the Convention of the Teachers' Association at Brandenburg Friday and Saturday.

Last week was a busy week with the News. Besides the customary preparations for the Wednesday issue, the three were running day and night turning out a big lot of job work. All hands were kept employed and the last hour of machinery worked more like a city office than that of a country town.

THE COUNTRYWIDE IS A NEW Louisville periodical to appear monthly, published by the Avery Publishing Co. It is in an attractive dress and contains reading matter suitable and interesting to all classes and ages. Its information to farmers will be of the most pertinent nature and its editorials pertinent and pleasing.

THE HANCOCK CLARION says there is a mode of swearing that is more irritating than the use of oaths. It is the slandering of doors and the kicking over of chairs when exasperated to the acme of the point and may be denominated "wooden swearing." Its place and punishment should be put in the list of "Thou Shalt Not."

View of the decision to be made by the voters of precincts No. 1 and 2 on Saturday, the text chosen by Rev. T. V. Joiner for his Sunday morning discourse was especially fitting. "Eighteen centuries ago a nation that sits in judgment on any people." Let each man remember these words when he polls his vote on Saturday, the consequences of which, be they good or evil, will live throughout eternity.

The items from Pellville this week contain a compliment which is greatly appreciated by us. Our object is to keep the News clean, well-printed, well-edited, a clear newspaper containing all the news of the county with items of interest and information to every one of our many readers and we feel that we are on the road to success after reading such words of encouragement and commendation as our Pellville friends sound in this week. It is our desire to merit the praise so often bestowed upon us by our well-wishing correspondents and with their good will and co-operation to assist us, we feel that the News has a bright and sunny future.

THE DUTY OF THE VOTER.

Believing that the principal work of the press of the country should be to aid in the education of the people to make them intelligent, law-abiding citizens, we feel that a united effort should be made by the newspapers of the State to bring the people to a realization of the fact that, to a great extent, the laws of the State are becoming obsolete and, if we may use the expression, fashionable. Some of the most prominent women of Louisville recently organized themselves into an organization known as "The Women's Emergency Association of Louisville," and at a mass meeting held on Tuesday, February 14th, strong resolutions were adopted, which principally dealt with the unlawful and pernicious practice of carrying concealed and deadly weapons. We cannot endorse too strongly the stand taken by these ladies on this question. In fact, after all, this practice has been brought about by something more than mere habit. For years past we have been gradually drifting into a condition of lawlessness that is positively appalling. Criminals in the State of Kentucky are of almost daily occurrence and yet the extreme penalty of the law is as seldom inflicted as to make a hanging a nine days' wonder. In a few cases the criminals are sent to the penitentiary for a term of years, a large number are acquitted by the petit jury, some are held over to the grand jury but never indicted, and many are acquitted on the examining trial. Why do so many people carry concealed and deadly weapons? Because in this State every man has to be a law unto himself, knowing full well that he has little to expect at the hands of those whose sworn duty it is to execute the law. It is with the jurists that the law is with the jurists. Generally speaking, No. 1 is with the jurists. In nine cases out of ten it is with the prosecuting attorney, who, through his influence with the other members, frequently permits a cold-blooded murderer to escape that justice which, if enforced, would bring him to the scaffold, or at least put him where it would be out of his power to harm any

one else. Eulit the sympathies of a competent prosecuting attorney in the prosecution of a murderer and the chances are 100 to 1 against his acquittal and 10 to 1 in favor of his execution. Take as an instance, recently related to the writer which occurred some time ago in this portion of the State, where the wife of the murdered man called on the prosecuting attorney and on her knees demanded justice. The answer she received was what she asked for, "So help me God, you shall have justice if I can obtain it for you," and the verdict of the jury was "Murder in the first degree." The jury for the present adjourned at affairs, lies with the people. By the election of men who have been tried and found worthy, keep the crime of the judges spotless, and by the election of prosecuting attorneys of ability and the highest degree of integrity, insure the earnest and faithful prosecution of all evildoers. Go still further and elect governors who, when a man has been found guilty of a crime by a jury of his peers and sentenced by a just judge to a just punishment, will not take the first opportunity of pardoning him. The wardens of our penitentiaries will not then have to decide, as is the case today, whether pardon shall be granted. To accomplish this, the voters must not vote no party when it comes to the election of men to be intrusted with the construction and enforcement of the law. What is to be expected of those who frequently owe their nomination and election to the very men whose prosecution for violations of the law is afterwards committed to them? If we cannot elect men who are out of politics, let us endeavor at least to elect such men as will carry out their sworn duty. Is it possible that the manhood of the State has sunk so low that it has become necessary for the good women to interfere in the interests of common justice? The enforcement of the law against the carrying of concealed and deadly weapons is certainly badly needed, but it is the enforcement of the common law of the land that will not only cure this evil, but which will take from our beloved State her well-earned title of "Dark and bloody ground."—T. AGE OF REASON.

The Nineteenth Century Can Boast Numberless Scientific But Few Imaginative Thickers.

POETRY ON THE DECLINE.

By J. W. Jarrett, Jr. Sand Cave Flat.

The question presenting itself to the literary world at the present is, "Will not the time come when poetry will not be written?" And indeed the tendency of literature appears to be in that direction.

In the early age of our literature rhyme was written almost to the exclusion of prose, and even until the beginning of the present century poets far exceeded prose writers in both quality and quantity of works. At that time very little was known about science and almost no novels were written. The only prose writing then in existence were a few essays on miscellaneous subjects and lesser histories.

In the seventeenth century Shakespeare and Milton were the central figures in English literature: both were writers of verse. Lord Bacon wrote some excellent essays which were scarcely known to the old Greek philosophers. In the next century we find Pope, Gray, Goldsmith and Burns dazzling England with their rhymes and Sir Isaac Newton at the same time working in obscurity on knotty questions in Natural Philosophy. What cared the people of England for science?

It is astonishing how little progress the world has made in the line of science. Few discoveries had been made in the preceding two thousand years. All that had been done in Physiology and Astronomy, but aside from this nothing more was known than had been known to the old Greek philosophers.

But in the latter part of the eighteenth century a radical change took place in the line of thought. The great political upheavals in both the old world and the new caused a revolution in men's minds. Thinking men turned their minds to political problems. The good rather than the pleasure of mankind was studied.

In the beginning of the present century, when the governments of the world came in a measure settled, some writers again took up the old theme, poetry. But the enthusiasm of the Goddess Inspiration was broken and gradually thinking men turned their attention to subjects of more importance to mankind. This wave of thought resulted in the great inventions and discoveries that have made the nineteenth century noted for its progress.

The study of scientific subjects has caused the reasoning powers of the world's mind to be developed to the detriment of the imagination. This has produced a marked change in our literature, which change is due chiefly to the fact that the writing of poetry has become a prose. A careful student of literature cannot fail to see this fact.

The noted writers of the nineteenth century are scientific writers of prose. And the deepest thinkers are men who think on scientific questions. With all our boasted learning and culture we have had no poet in the present century who has come near the genius of Shakespeare or Milton. True we have had a few poets such as Tennyson and Longfellow who wrote excellent poetry. But even the best of these contain faults. And the imagination, which is the very life of poetry, is not to be found in the present century.

especially English poets, were sadly deficient in some facilities of the mind. Poets generally live in an imaginary world, not in an ordinary one.

It is a well established fact that the early ages of a language are the most fruitful for the production of poetry. The customs of the people are wild and unsettled. Daring deeds are done, prompted by the passions of a semi-barbarous people. These things are said by the poets. As a people become more settled and cultured the power of writing allusive and imaginative poetry is diminished.

Shakespeare lived just after the close of the Medieval Period in which chivalry and feudalism had been at their height. In this age our knights performed deeds of heroism to gain honor. Then again a man was honored according to his courage and bodily strength. Shakespeare in his verse immortalized the vast deeds of these valiant men, but if Shakespeare were living now, could he in the same manner record the heroisms of Darwin or the discoveries of Edison? Ah no! We think even Shakespeare would fail in such an attempt. The day of poetry is over and in the future age mankind will not be moved by rhyme but by reason.

DeHUY'S BALMOLINE, BEST HEALING SALVE For MAN OR BEAST—Riverside Stock Farm.

CHAPMAN, Kas., Feb. 13, 1900. Dr. B. H. DeHuy, Denver, Colo.

Dear Sir—I have given your Balmoline a thorough trial in our stables for the last three years, and find it the most successful cure for horses and cattle in the shape of a salve I have ever tried. It is especially adapted to healing scalded shoulders of horses. I have also used it for sore teats cows, and find it splendid. I can highly recommend your Balmoline to all stock men. We use so much that I buy it in large quantities and think there is nothing like it for healing sores on stock. Respectfully yours,

O. L. THIESLER.

If he who causes two blades of grass to grow where only one grew before is a benefactor of mankind, what shall we say for the quiet, ineffective sleep that destroys and all vegetation in its reach? Taking issue with my honored fatherland my own "better half" who wish the pleasure of possessing green fields, I suggest that they dispense with this profitable (2) animal.

I very much appreciate an invitation to attend the Musical to be given at the College Hall next Friday evening, the 27th, which promises to be an entertaining event. The program found in this issue of the News shows the good quality of the talent employed. Miss Reynolds, Mr. and Mrs. Jerry Gannan, of Fordville, Misses Kral, McIntire, Nora Henderson, Annie Lee Jolly, Bada Lewis, Anna Crabbe, Kitty McGlothlan and others take part. So let everybody come and get the benefit of something nice, as well as help a good cause.

GOLDEN BOO.

Just as Good—Whenever a druggist tells you he has something "just as good" for coughs, colds, grip, etc., as Dr. Bell's Pine-Tar-Honey, he is thinking of his profit and not of you or us. Good druggists will tell you what you ask for, and you can ask for nothing as good as Dr. Bell's Pine Tar Honey. Good druggists sell it.

August Flower.

"It is a surprising fact," says Prof. Houten, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a great remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at A. R. Fisher's.

One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

Magazine For Bachelors.

Seeing the popularity and real benefit to womanhood in matters of etiquette and necessary information bestowed by the numerous women's magazines, two enterprising western women are publishing at Chicago the Bachelor's Home Journal. This periodical contains a Heart-to-Heart Talk with Bachelors Department, a What-to-do Page and Puzzle Corner, the standard puzzle being "Action, Button, who's got the button?" The bachelor presenting the button at the office will get the magazine free for ten years.

This venture may prove disastrous to the female cohorts by making the life of the bachelor so easy and pleasant that he will neglect to end his career of single blessedness so we would suggest to the editors that they add a matrimonial agency to counteract what evil influence the other departments might exert.

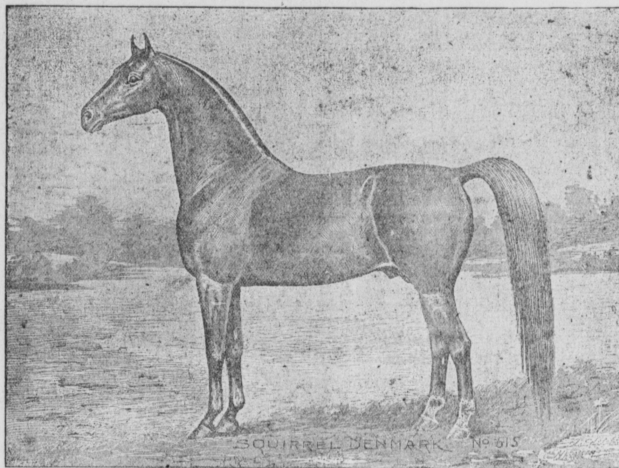

Spreads like Wildfire.

When things are "the best" they become the "best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling Bitters I have handled in 30 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly run down man or woman. Price 50 cents. Sold by Short & Haynes, druggists.

MT. MAPLE STOCK FARM

PHOTOGRAPHED FROM LIFE.

SQUIRREL DENMARK, 515 A. S. H. R.

Bred by John Steele, Nicholasville, Ky., foaled property of W. W. Adams, Lexington, Ky., W. A. Dickinson, of Trenton, Ky., one of the best saddle horse men in the State, describes him as follows: Dark Bay, 16 hands high, the finest finished and biggest natural styled stud living. For a sire of high class, fine finished, big, natural styled five gaited saddle horse, I never owned his superior. I never saw a colt by him that was not a high class natural styled and five gaited horse.

PEDIGREE.

HIS FIRST SIRE, Red Squirrel, 53, was exhibited in 1887 at each of the following fairs without a defeat as the best saddle stallion, any age, and the sweepstakes saddle stallion, mare or gelding: Harrodsburg, Lexington, La-tonia and Paris, Ky. Meeting with no equal in Ky., he goes to the World's Greatest Fair, St. Louis, Mo., and there wins as the best saddle stallion, any age, the best utility stallion and sweepstakes saddle stallion, mare or gelding. He has proven a most phenomenal sire, his produce winning many of Kentucky's noted prizes and selling at prices from \$500 to \$3,000.

SECOND SIRE—Black Squirrel, 58. He and his produce are too well known to need further comment. It is sufficient to say his fee was \$650 cash, the highest of any saddle stallion in the world.

THIRD SIRE—Black Eagle, 74. Sold as a yearling for \$750. Proved the greatest show horse that ever lived. He sired Black Squirrel, 58 and King Eagle, 750.

FOURTH SIRE—King William, 67. Was invincible under saddle in show rings. He sired Old Artist, 75 and others of equal fame. King William's

first dam Queen, 48, the dam of Diamond Denmark, 68, Latham's Denmark, 69 and Jewel Denmark, 70, she by Bald Stockings, 79, he by Tom Hale F. S. FIFTH SIRE—Washington Denmark, 64. Was a great winner in show rings and takes rank as perhaps the greatest of Denmark sires.

SIXTH SIRE—Gaines Denmark, 61. Sold at 3 years old for \$1,000. Proved not only a great show horse, but the greatest progenitor of saddle horses that ever lived, judging from the long lists of illustrious sires tracking direct to him.

SEVENTH SIRE—Denmark, F. S. First dam Miss Black. [The dam of Delmonte 895 that sold for \$1,800 at three years old.] By Montrose after a successful career in Kentucky was sold to Mo., where he met equal fame. He again returned to Kentucky and stood at \$50 a season until he was put to death by chloroform on account of extreme old age. Montrose first dam by Imp. Glenco (Thoroughbred) Second dam Nellie by Washington Denmark, 64, as above.

WARWICK 136,--1311.

Warwick is an English Hackney, imported by Burgess Bros., Wenona, Ill., is dark bay 16 hands high and weighs 1400 pounds. As he stands squarely on the best of legs and feet with head erect and a rich neck, his bold self possessed appearance conveys an idea of power and courage, and his promptness, energy, docility and endurance combined with the best of action, commend him for usefulness as a park horse, eastern saddle horse, carriage horse and roadster, possessing all the qualities of the "Morgan" with greater style, more size and better action.

The Hackneys are very compactly built horses with short backs, close coupled, strong in the loins and chest, well ribbed out, long sloping quarters which gives them that superior high knee and hook action. Hackneys have been bred in purity for centuries for courage, endurance and action, and impart it to their progeny stronger than any other breed in the world. For carriage, coach and saddle horses in the east they command high prices \$1,000, being very common. Henry Fairfax, of Va., with his Hackney Stallion and 24 of his four-year-old colts out of common Virginia mares sold in New York in the fall of 1896 for an average price of \$995. And to bring it nearer home,

T. W. Minton, of Lebanon, Ky., sold a pair of Hackneys for \$1,750, a gelding for \$750 and a mare with ten day's handling brought \$1,200.

These were out of Kentucky bred mares and not much, if any, better than ours. In Hudson Bros. April sale in Louisville, Hackney type horses brought from \$250 to \$810. At the National Horse Show in New York in 1894-95 over \$10,000 was paid in premiums for Hackneys, while only \$750 was offered for Cleveland Bays, French and German coach horses combined. At the Philadelphia show 1885 over \$3,000 was given to Hackneys and only \$130 to the other three breeds combined.

Consult the horse buyers and they will tell you they can sell more large, fair acting carriage horses than anything else. Supply is becoming scarce and a growing demand. Hackneys bred Hackneys out of everything from ponies to Percherons. The time has come when all the buyers want something good and it behooves us to cater to their wants and breed to the best in reach.

Warwick sired by Bataplau 2,236, by Freedom Dam 985, by Rifleman 2,241, by young Doctor Synrax 877.

NOTE.

In offering this stock to the public I don't claim the best on earth, or equal to any in Kentucky, but think it is as good as any in reach of us, and last year our patronage took in five counties. I believe like, begets like and would not buy a breeder with any natural defect or weakness. Squirrel Denmark's colts are beginning to drop now and have not heard of one that was not a saddle, and all have the great style and finish of their sire with plenty of size.

EUREKA.

Bred by W. H. Pugh, Logan county, Ky., foaled June 1896, black and white points, 16 hands high, with bone and foot like a Percheron horse, has the best of head and ears and splendid body.

When a little better developed and more age he will bring remarks from the best jack breeders in Kentucky. This jack must be seen to be appreciated.

He is by New Forest, 16 hands high, and dam an unbeaten show jennett.

TERMS:

Warwick \$10.00
Squirrel Denmark \$10.00
Eureka \$ 7.00

Colts to stand up and suckle.

Money due when facts are known or mare traded.

PREMIUMS.

Best colt by Warwick \$10.00
Best colt by Squirrel Denmark \$10.00
Best mule by Eureka \$ 7.00

I will give \$75.00 each for premium mule and next best at colt show.

Mares pastured \$1.50 per month and tried regularly. Accident at owner's risk.

Awake To The Use Of Ink.

Clovesport merchants did a good business Saturday. Farmers from every section were in town and buying goods by the wagon load. Our merchants should offer an inducement by the judicious use of printer's ink, which method would make this point the greatest trading center between Louisville and Owensboro.

Pains in the Back.

A. B. Farrington, Comanica, N. Y., says: "I was troubled several years with kidney disease and suffered severe pains in the back. I used Foley's Kidney Cure and one bottle cured me. I recommend it to my friends. It has given perfect satisfaction." Take no substitute.—Moorman & Owen.

The greatest healer of modern times is Banner's Sore for Cuts, wounds, sores, piles and all skin diseases. It is guaranteed.—Moorman & Owen.

A New Industry.

A new industry which is in its infancy is the manufacture of a high grade of paper from rice straw, which product Louisiana has been using as waste by the thousands of tons.

LaGrippe coughs often continue for months and sometimes lead to fatal results after the patient is supposed to have recovered the danger point. Foley's Honey and Tar affords positive protection and security from these coughs.—Moorman & Owen.

WORD FROM MISSOURI.

Geo. B. Paul Shoes [A Car Load Of Horses For South Africa] Every Week.

George B. Paul, of Clinton, Henry county, Mo., in renewing his subscription to the News, writes an interesting letter. He speaks of his uncle, Squire Paul, who is still hale and hearty at the age of eighty years, and of his sister who is with him. He does not know when they will return to their old home, Belleville.

Mr. Paul is a competent blacksmith and shows a car load of horses every week for S. Blat & Son who ship them to South Africa.

A Horrible Outbreak.

"Of large losses on my little daughter's farm," writes C. D. Labell, of Morganston, Tenn., "but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25c at Short & Haynes."

The marriage of Mr. Rocco Leslie of West View and Miss Irene Walker of Mattingly was solemnized at the home of the bride's parents, Mr. and Mrs. Edwin Walker, April the 12th.

Our Balltown correspondent has moved away. We miss his bright newsy letters and hope he will continue to write from his new home.

There will be preaching at Pugh church the second Sunday in May by Rev. W. Richards. Writes of Baptism will be administered to three candidates.

Miss Chlorella Miller, daughter of Mr. and Mrs. Lew Miller, is teaching school at Balltown. We wish her success.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers, we purchased a bottle and used it. It cured us. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by A. R. Fisher, Cloverport, R. A. Shelman, Stephensport.

IN KENTUCKY.

(Dedicated to J. P. Stewart, J. R. Stewart and others.)

They are great upon a straddle
In Kentucky,
The long face is in the saddle
In Kentucky;
All the old times Democracy
Has been mixed so with plutocracy
It has turned into hypocrisy
In Kentucky.

They are neither one nor other
In Kentucky,
For both sides they tried to smother
In Kentucky;
Though from silver they have wandered
They were not for the gold standard
But to everything they pandered
In Kentucky.

O, they are a lot of odd fish
In Kentucky,
They are neither flesh or cod fish
In Kentucky;
Where they're at or where they're going
Is beyond all human knowing
Though they do such lusty blowing
In Kentucky.

They were added, badly added
In Kentucky,
So all things they deftly straddled
In Kentucky;
They raised such a lot of thunder
That they filled the world with wonder,
They did nothing else but blunder
In Kentucky.

What's the matter with the great men
In Kentucky?
Have they got too many statesmen
In Kentucky?
There's Carlisle cannot be trusted
Jo Blackburn is badly worsted
And poor Breckinridge is busted
In Kentucky.

Still they have some pleasant features
In Kentucky,
They are not much stuck on preachers
In Kentucky;
They've good horses, fine blue grasses,
Rare old whiskeys, buxom lasses,
But in politics they're asses
In Kentucky.

Open Air Meetings.

Open air temperance meetings will be held at the railway depot tonight, tomorrow and Friday night, commencing at seven o'clock, at which all voters, white and colored, are earnestly invited to be present. Good speakers and good music will be provided.

In almost every neighborhood there is one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by A. R. Fisher, Cloverport, R. A. Shellman, Stephensport.

The Witt auction sale began last Saturday, and the goods went off at close prices. Mr. Barnes posed as the auctioneer, and the crowd took a good deal of interest in the way things were selling. All of the stock will be disposed of in this way.

Some people can get more good news from reading the advertisements in a newspaper than others who try to read everything but the advertising matter. People who read advertisements closely always find something to benefit them, if they know how to handle it.

The Hardinsburg bus carries more people to and from the train than any other vehicle around here and still Mr. Blythe says it isn't a paying investment. It meets all the trains and there is no better accommodation of this sort in any of the towns along the Texas road.

There is not much public improvement going on in this town. The big warehouse of R. F. Beard & Co. has kept the carpenters busy for some time, but, that being about completed, there isn't much ahead for them. Mr. A. X. Kinchols has purchased a piece of ground out near the R. R. Col. Clinton Royall has been at the Falls of Rough several weeks doing a big lot of staving for L. Green.

Louis Dittio returned last Saturday from a few days visit to Danville, Ky. Mr. Dittio is prospecting for a business out here.

Rev. F. M. Petty organized a Sunday School at Mount Zion last Sunday and appointed H. G. Butler Superintendent.

Mrs. M. D. Humphrey, of West View, is quite low with consumption, and at this writing is not expected to live but a short time.

It is still hard for a good many people to become accustomed to the County Court being changed from the third to the fourth Monday.

Patrick Tiedt is trying to buy the R. N. Miller property. Mr. Tiedt owns a good farm near town, but he wants to quit farming and come to town to live.

Mr. L. A. Foote, of Bewleyville, was here and spent last Saturday and Sunday. Mr. Foote is contemplating a trip to Texas some time in the near future.

Norman Hensley came up from Cloverport last Sunday and spent the day here with his mother's family. Mr. Hensley has a good position with the rail-road people at Cloverport.

Mrs. Ira Dowell was here Monday from Rosetta and filed a suit for divorce against her husband, George Dowell. His treatment is alleged as grounds for the divorce.

Some of our kin folks have recently moved into Havesville. We were at Havesville about twenty years ago and we understand that nothing very startling has occurred there since.

Mr. Frank DeHaven, who lives one mile and a half from town, was here one day last week, and while walking around fell on the street in a faint. He was taken to the hotel and soon revived. He had complained for several days of not being well.

The Witt auction sale began last Saturday, and the goods went off at close prices. Mr. Barnes posed as the auctioneer, and the crowd took a good deal of interest in the way things were selling. All of the stock will be disposed of in this way.

Some people can get more good news from reading the advertisements in a newspaper than others who try to read everything but the advertising matter. People who read advertisements closely always find something to benefit them, if they know how to handle it.

The Hardinsburg bus carries more people to and from the train than any other vehicle around here and still Mr. Blythe says it isn't a paying investment. It meets all the trains and there is no better accommodation of this sort in any of the towns along the Texas road.

There is not much public improvement going on in this town. The big warehouse of R. F. Beard & Co. has kept the carpenters busy for some time, but, that being about completed, there isn't much ahead for them. Mr. A. X. Kinchols has purchased a piece of ground out near the R. R. College and will likely build on it some time during the year.

You would be surprised at the number

BLUES

Ever have them?
Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Some-how, you can't throw off the terrible depression. Are things really so blue? Isn't your nerves, after all? That's where the trouble is. Your nerves are being poisoned from the impurities in your blood.

Ayer's Sarsaparilla

purifies the blood and gives power and stability to the nerves. It makes health and strength, activity and cheerfulness. This is what "Ayer's" will do for you. It's the oldest Sarsaparilla in the land, the kind that was used before other Sarsaparillas were known. This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

Write the Doctor.
If you can get any complete whatever you possibly receive, write the doctor. He will send you a prompt reply. Dr. C. A. Yell, Lowell, Mass.

of new bugs that go out of this town in the spring and summer months. The season is now opening up for them and it will be better this year than it was last. The dealers are Hook, Miller & Co., B. F. Beard & Co. and J. C. DeHaven & Co., and all of them do a pretty good business in the sale of bugs and harvies.

Otto Korb, Grand Chancellor, K. P. Bewleyville, Ind., says, "The Witt's Witch Hazel ointment is the most delicate skin and heals the most stubborn ulcers with certain and good results. Cures piles and skin diseases. Don't buy an imitation—A. R. Fisher."

IN MEMORY

Of Florida Dowell, Daughter Of
A and Mrs. Mack Dowell, Who Died
Friday, April 6th

God in his wisdom has seen fit to remove from our midst Florida Dowell, the eleven year old daughter of Mr. and Mrs. Mack Dowell after a brief illness. Her happy face will be greatly missed by her relatives and friends.

She has gone, yes gone forever, but 'tis hard for us to bear; But 'tis joy to know in heaven she will be as pure as air. A precious one from us is gone, A voice we loved is still heard; A place is vacant in our home Which never can be filled.

WAR TO THE DEATH.

Pests of the Poultry Yard Must Go!

American Lice Destroyer Kills More Mites, Lice and Other Vermin in a Day Than all Other Remedies Combined.

The war is on! The days of lice and vermin that have done so much to make the life of the poultryman miserable, and his business unprofitable are over. American Lice Destroyer is the proper ammunition to use! This preparation is wonderful in its power, and vermin cannot exist twenty-four hours after it is applied to the coop or fowl. Every poultryman needs it. It is cheap, reliable and effective, one package being sufficient to protect 250 fowls from mites and lice for one year. When the Destroyer is used, profits at once increase. Lice and vermin do more to kill profit than all other causes combined. You know it. Don't go on losing money every week, but try American Lice Destroyer. You may have tried other things without success, but if this fails you can have your money back. We are in this fight to stay and will back Destroyer against any number of mites or lice you may have. Don't fool away money with "recipes" or home-made make shifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work we want you get your money back. What more can you ask? If your druggist don't sell American Lice Destroyer, he's behind the age. In that case send for one dollar box at once. Made only by American Mfg. Co., Terre Haute, Ind.

MAYFIELD MIRROR

CHANGES HANDS.

L. A. Chandler, who has been connected with the publication of the Mayfield Mirror for some time, now has the entire charge of that thoroughly up-to-date paper, having bought out the recent owner, Leo Elmore. This paper is one of the best in Western Kentucky and in politics is thoroughly democratic.

First Visit In Eleven Years.

Mr. Albert Lishen, of Hamilton, Ill., is in the city visiting his brother, Mr. Charles Lishen. Mr. Lishen is a farmer and a business man of that place. He has been quite successful in all of his undertakings.

This is his first visit in eleven years and many improvements are noticeable to him.

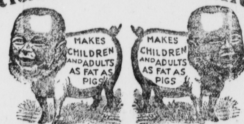

Mrs. H. L. Stader returned Tuesday after a pleasant visit to friends at Vine Grove.

HOSPITABLE BRANDENBURG.

trict Teachers' Association for the ensuing year which will meet at Elizabethtown in October 1900.

The meeting of the distinguished body was joyously enjoyed by this community. Brother Durrell and Brother Litchfield took an active part. The court house was full at each session and a number of visitors besides the teachers attended. Mrs. Whitte, a lady from Woodland, rendered two vocal selections. Mrs. Whitte is quite popular in musical circles. It is not often one imagines he has been in Athens in her palmist days but one can imagine such a thing from contact with the literary.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malaria sections of the United States. No Cure, No Pay. Price, 50c.
